

### French

With Mrs Hawkins, the class will continue to build their French vocabulary. They will practise their conversations with one another and use songs to aid their memory and pronunciation.

### PE

In PE our focus will be gymnastics for the School Games competition. We will be looking in more depth at balances, rolls and smooth movements in between to create routines on our own and with a partner.

### Music

The class will continue use Charanga to develop awareness of melody, and will take part in group performances. In the second half of the term, the children will be using the steel pans under the guidance of the

### Science

In Science, the Curlew Class topic will be "**Forces.**" We will use practical investigations to find out more about gears and levers. We will investigate resistance, including air resistance, friction and resistance in liquids. We will devise our own tests, record results and draw conclusions before suggesting improvements to our work.

## Curlew Class Curriculum Information Spring Term 2022

### RE

In RE the Curlew Class will be learning about Judaism. We will be learning about symbols and their importance to Jewish people as well as looking at their customs and places of worship.

### Topic

Our topic this term will be **The Victorians**. We will be finding out about life during the Victorian era and especially what it was like for children. We will be comparing life then to life now and will begin to understand how difficult it was for some people. We will also be finding out about some of the amazing inventions and innovations that occurred during this period in history.

### Art

In Art this term we will be using looking at the art of the Victorians and using this to find out about history. We will gain inspiration from this period for our own art.

### Computing

Computing will mainly be taught through the curriculum this term. We will undertake research projects as part of our topic and will present our findings using text and images and using a variety of software. Homework will be set online through Google Classroom and will provide the opportunity to work independently using Google Apps such as Docs and Slides in particular.
