

## English

In English we will create pieces of work around our theme of weather. This will include information reports, imagery poems and story writing. We will be concentrating on developing our descriptive techniques.

# Weather

Autumn Term 1

## ICT

ICT this half term will focus on E Safety. We will look at the rules for staying safe online (e.g. sharing information and talking to others) and what to do if you are worried about something.

## Art

The class will work on several Art projects linked to our topic while developing different techniques.

## PE

The class will be receiving football coaching from Mr Rickets (Mondays) and working on cross country with Mr Vincent (Wednesdays).

## Science

In Science we will be looking at the classification of living things. This involves looking at the 5 kingdoms and the Linnaeus system, but also more practical aspects of using and creating branching diagrams to aid in the identification of plants and insects on the school grounds.

## DT

We will be working on DT projects linked to weather, including the designing and creating of houses to withstand hurricanes.

## French

Miss Read will be introducing the children to French, starting with basis conversation vocabulary.

## Geography

In Geography we will be looking at weather, including different types, how weather forms are created, how to measure the weather and how to deal with the extremes.

## RE

In RE we will be looking at creation stories from different religions.

## PSHEE

Kestrel Class will be taught PSHEE by Mrs Hawkins this term. They will be looking at mindfulness and dealing with different situations.
